

Samiel Azmaien Member at Large

List any previous leadership positions or experiences.

Assistant Team Leader in elect for 675C GSMST Robotics team

Leader of multiple clubs in middle school such as Coding Club and Chess Club

Why do you want to be a member of Student Council?

I would like to be a member of the Student Council to prosper the GSMST community as a whole by allowing more interaction via events and organizations. I feel that with me as member at large I can fully accomplish these intentions and help grow the community within GSMST.

From your perspective, what is the role of the Student Council at GSMST and in our community at large?

In short, the role of StuCo is to build a community by supporting each other and forming communal relationships. Whether this is through the little things such as small gifts and inspiration for upcoming tests/competitions or events such as homecoming or dances they help bring positive effects to the school.

List up to three qualities you would use to describe an effective leader. What leadership skill(s) is your strength? How will you use that skill(s) to benefit Student Council and GSMST?

Communication is one attribute of an effective leader because if a leader cannot converse their ideas with the community then the community will be disorientated and might not possibly favor the ideas of the leader. Talking with the community about possible suggestions is also important to bring them to life. Furthermore, decisiveness is also important to be a good leader because if a leader cannot decide on something then no progress will be made. Lastly, flexibility is a significant trait of a great leader because the ability to solve problems in a changing workplace will determine what type of progress to be made to an obstacle.

What would you most like to improve about your own leadership skills to become a better leader?

I would like to improve my communication skills with people as I get to know more people and receive their feedback on certain ideas and suggestions. This will help me be a better leader because communication is a key skill to being an effective leader.

Describe an activity for a new event that Student Council could host.

A new event that Student Council could host is an esports tournament for various video games such as Valorant, League of Legends, or Super Smash Bros.

How can Student Council improve its communication with the student body?

StuCo can improve its communication by surveying the student body to determine their needs and also provide multiple platforms of communication between StuCo and the student body.

What do you think is the single greatest challenge facing our GSMST community and how can Student Council help to resolve this challenge?

The greatest challenge facing the GSMST community is the lack of mental health. StuCo can help resolve this challenge by organizing exercise sessions that can help relieve stress and also other wellness activities for promoting mental health.
