

# TERUKIMI HAYASHI EXECUTIVE PARLIAMENTARIAN

---

## List any previous leadership positions or experience

- Previously, I was the Student Council Sophomore President, the Freshman Member at Large, a Peer Leader, and a member of the Secretary of State Student Ambassador program.

## Why do you want to be a member of Student Council? Why are you running for the position that you are running for this year?

- As a previous member of the Student Council, I understand the hard and tedious work that they often have to work through in order to produce the best work for the student body. I want to be a part of this family of student leaders again in order to work my hardest to make the student body feel supported. As Executive Parliamentarian, I would be able to work alongside the executive board to oversee the actions within the Student Council to guarantee that the best work is being produced.

## From your perspective, what is the role of the Student Council at GSMST and in our community at large?

- Student Council's role at GSMST is to support the student body and faculty through events that foster community and that praise the people of our school.

## List up to three qualities would you use to describe an effective leader. What leadership skill(s) is your strength? How will you use that skill(s) to benefit Student Council and GSMST?

- An effective leader should be assertive, observant, and unselfish. The skill that fits me the best is being observant, and I will use this strength in order to oversee the work of the Student Council and to look into the opinions of the student body when planning events.

## **What would you most like to improve about your own leadership skills to become a better leader?**

- I will continue to improve my communication skills to gather the opinions of the student body as well as to work efficiently with my fellow council members. .

## **Describe an activity for a new event that Student Council could host.**

- Student Council could host a talent show to showcase the efforts of various students and to relieve stress among the student body through a light-hearted performance.

## **How can Student Council improve its communication with the student body?**

- Student Council could potentially gather more student input for events through their social media account.

## **What do you think is the single greatest challenge facing our GSMST community and how can Student Council help to resolve this challenge?**

- The greatest challenge at GSMST is the overwhelming stress that resides over all the students and teachers. In order to relieve this stress, the Student Council could host various events and dances that helps the students feel supported.
