

MICHELLE PARK Junior Class

Secretary

List any previous leadership positions or experiences

- 1. Student Council 2019-2020 Class Member at Large
- 2. TSA 2019-2020 Team Leader
- 3. 2016-2017 Class Vice President

Why do you want to be a member of Student Council? Why are you running for the position that you are running for this year?

- I want to become a member of Student Council because I want to motivate and encourage others with my positive energy in Student Council. This year, I am running for class secretary so that I can focus on the student body especially class of 2022 to resolve the challenges that they are facing and effectively communicate with the student body whenever they need our assistance. I would always be prepared to work hard even in unseen places and to actively listen to the student body.

From your perspective, what is the role of the Student Council at GSMST and in our community at large?

- From my point of view, the role of the Student Council at GSMST is to help the school to communicate with the student body more effectively and do their best to encourage the student body by helping them anytime, even in unseen places.

List up to three qualities would you use to describe an effective leader. What leadership skill(s) is your strength? How will you use that skill(s) to benefit Student Council and GSMST?

- An effective leader is always dedicated, encourages others with positive energy, and listens to others for active communication. As a leader, I am hard-working and have positive energy. I will be always dedicated to work hard for the student body and other members of the Student Council whenever they need my help. I will always give motivation and positive energy to the student body to inspire and help them through hard times.

What would you most like to improve about your own leadership skills to become a better leader?

- To become a better leader, I would like to improve firmness and the ability to give inspirations to the student body..

Describe an activity for a new event that Student Council could host.

- I think Student Council can host a clothes donation event where the student body can donate their old clothes. The students can receive volunteer hours according to the amount of the clothes they donated and the donated clothes will be delivered to charities to help other people in need or to recycle textiles.

How can Student Council improve its communication with the student body?

- I think the best way for Student Council to improve communication with the student body is by listening more carefully to the student body and putting their thoughts into actions. Student Council can use survey forms to collect ideas for new school events from students or to improve school events by receiving feedback from the student body. Also, Student Council can actively and effectively use their website so that the student body can always communicate with Student Council.

What do you think is the single greatest challenge facing our GSMST community and how can Student Council help to resolve this challenge?

- I think the single greatest challenge facing our GSMST community is academic stress. Student Council can resolve this challenge by hosting events such as making motivation cards or posters and interactive sports activities to encourage the student body and relieve their stress.
